Forecast for Friday 20 May 2022

Weather: Becoming cloudier through the early hours with lowering cloud bringing periods of mist and hill fog. A mostly dry and cloudy morning and becoming breezier with a few showers developing. Showers becoming more frequent and heavier during the afternoon. Drier by the evening with some sunny and clear spells as winds ease into the night.

Chance of cloud-free hill tops above 600m: 60% but 30% during the middle of the day.

Low cloud and visibility: Periods of cloud developing above around 500m during the morning, becoming locally persistent during the afternoon. Poor or very poor visibility in the cloud and during periods of heavier rain. Otherwise good or very good visibility in drier interludes.

Meteorologist's View

Waterproofs will be needed intermittently through the day. Paths will also become wet with showers passing through, so care should be taken and appropriate footwear worn.

Recent rainfall: measured at Neuadd: altitude 353m

Recorded at	Last 24 hours:	Last 48 hours:	Last 72 hours:
14:00 on Thu 19 May 2022	6mm	10.2mm	10.4mm

Forecast for Saturday 21 May 2022

Weather: Clear spells and intermittent lower cloud through the early hours with cloud building more widely during the morning. Remaining rather cloudy from then on but with some brightness from time to time. Generally dry but the occasional light shower is possible into the afternoon and evening.

Maximum wind: Winds on the summits, southwesterly 30mph to begin then easing to 20mph for mid-morning.

Chance of cloud-free hill tops above 600m: 60% for most of the day.

Low cloud and visibility: Scattered cloud forming around 500m in the early hours, particularly on western slopes, giving misty conditions at times. Cloud largely above the summits by day with good visibility, but still occasionally falling to 400-500m with isolated showers, which will bring periods of poor visibility.

Temperature: **Valleys:** Plus 11 Celsius, rising to plus 17 Celsius.
At 600m: Plus 5 Celsius, rising to plus 8 Celsius.
Freezing level: Above the summits.
